

Continuing Education Credits for Physicians and Pharmacists

General Practitioners – Members of The College of Family Physicians of Canada may claim Mainpro-M2 credits for reviewing the posted material and providing stakeholder feedback. This activity can be submitted by completing and submitting the following form (http://www.cfpc.ca/local/files/CME/Mainpro/CME_CreditForm_V2.pdf) or directly on-line at the College website. Members of the College can also submit a *Linking Learning To Practice Form* available at:
<http://www.cfpc.ca/English/cfpc/cme/mainpro/forms/default.asp?s=1>.

Pharmacists – The Canadian Council on Continuing Education in Pharmacy (CCCEP) does not currently provide Continuing Education (CE) credits for this type of work. Non-accredited educational activities are recognized by some Provincial Pharmacy Colleges (i.e., included as part of individual learning objectives/activities). Please verify with your respective College to find out more.

Specialist Physicians – Members of the Royal College of Physicians and Surgeons can claim this activity as non-accredited continuing education credit under Section 2 (Other Learning Activities) or under Section 4 if participants create Personal Learning Projects based on the newly acquired knowledge. For further information, please refer to: http://rcpsc.medical.org/opd/moc-program/framework_e.php
