Reconsideration of the <u>draft recommendation</u>		
1. Please indicate if the stakeholder requires the expert review committee to reconsider its recommendation.		
Request for major revisions: A change in recommendation category or patient population is requested		<input type="checkbox"/>
Request for minor revisions: A change in reimbursement conditions is requested		<input checked="" type="checkbox"/>
In Renewal Condition 1.1, response is defined as a $\geq 33\%$ reduction in transfusion burden (RBC units/time) with a reduction of at least 2 units versus the pre-treatment baseline burden. As written, it could cause some confusion and appear incongruent as 2 units is not close to 33% reduction for a patient starting off with 10 RBC units or more in the prior 24 weeks. Would it be easier to remove " <i>reduction of at least 2 units</i> "?		
Clarity of the draft recommendation		
2. Is the rationale for the draft recommendation clearly stated in the draft recommendation?	Yes	<input checked="" type="checkbox"/>
