

# Transforming How We Manage Health Technologies

## Mission

CADTH consistently delivers credible scientific evidence and management strategies that enable the appropriate use of health technologies.

## Vision

Canada has a world-class system for assessing and managing health technologies to achieve better outcomes and value for Canadians.

## Values – These foundational values guide CADTH decision-making and activities at all levels.

### Excellence

CADTH is trustworthy, delivers what it promises, and exceeds expectations by focusing on impact to drive better health, better patient experience, and better value for Canadians.

### Responsiveness

CADTH understands and meets the needs of its customers in a timely fashion.

### Collaboration

CADTH creates and nurtures partnerships with those who produce, acquire, deploy, and use health care technologies to promote their appropriate use.

### Transparency

CADTH makes timely and user-friendly information about its programs, processes, and performance widely available, with a special emphasis on engaging key stakeholders.

## Strategic Goals and Objectives

### Close the Gap Between Evidence, Policy, and Practice

-  1. Provide customized implementation support.
-  2. Strengthen engagement with patients, clinicians, and other stakeholders.
-  3. Enhance analytics and performance measurement.

### Adopt a Life-Cycle Approach to Health Technology Assessment

-  4. Align drug and medical device review processes with federal, provincial, and territorial priorities throughout all phases of the technology life cycle.
-  5. Implement programs for reassessment and disinvestment.
-  6. Advance initiatives across the health technology life cycle that will improve access, appropriate use, and affordability.

### Anticipate Health System and Technology Trends, and Develop Agile Management Strategies

-  7. Advance initiatives that anticipate, influence, and manage technological advancement and health system evolution.
-  8. Focus on health technologies that have the most potential to meet patient and health system needs.
-  9. Align CADTH efforts and investments with federal, provincial, and territorial priorities for health improvement.
