

pERC Member - Oncologist
Christian Kollmannsberger, MD, FRCPC

Dr. Kollmannsberger, is a staff medical oncologist at the British Columbia Cancer Agency (BCCA) Vancouver Cancer Centre and Clinical Professor at the University of British Columbia. He graduated from the Technical University in Munich, Germany and received his clinical training in internal medicine, haematology and medical oncology, mainly at University of Tuebingen, Germany. Dr. Kollmannsberger's research is focused on genito-urinary malignancies with a special interest in testicular and renal cell cancer. This includes phase I, II and III clinical trials, the development of new therapeutic options and investigation of mechanisms of treatment resistance. Nationally and internationally, he has contributed to numerous trials in the field of renal cell carcinoma and testicular cancer. His research has been published in peer-reviewed journals that include the New England Journal of Medicine, Journal of Clinical Oncology, Clinical Cancer Research, Annals of Oncology, the European Journal of Cancer, Cancer and the British Journal of Cancer. He has repeatedly served as faculty for the Annual meeting of the American Society of Clinical Oncology (ASCO), the ASCO Genitourinary Cancers Symposium, and the Annual Meeting of the European Society of Medical Oncology (ESMO). Currently, Dr. Kollmannsberger serves as chair of the BC Cancer Agency Genitourinary Cancers Systemic Therapy Group, chair for the Genitourinary Clinical Trials Unit at BC Cancer Vancouver Centre, chair for the Canadian Clinical Trials Group Testis Cancer Disease Oriented Group, and member of the Canadian Clinical Trials Group Kidney Cancer Disease Oriented Group.
